DETAILED ACTION

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

> The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 6 and 7 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 6, the phrase "without performing altitude control" is unclear and indefinite since the claimed limitation of "climbing to a first altitude while increasing a climb rate" is clearly "altitude control" and thus creates a contradiction within the claim.

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

> A person shall be entitled to a patent unless –
> (a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.
>
> (b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claims 6 and 7 are rejected under 35 U.S.C. 102(a) as being clearly anticipated by Slider, Jr. et al.

5. Claims 6-10 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Kendall Jr. et al.

See especially column 41, lines 11-35 and column 42, lines 4-14.

6. Claims 1-5 are allowed.

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Kinkead et al, Yamakawa et al, Gold et al, Albion, Osawa et al, and Autechaud et al are cited as being of interest since they disclose helicopter flight control systems.

8. Any inquiry concerning this communication or earlier communications from the examiner should be directed to J. Woodrow Eldred whose telephone number is 703-306-4151. The examiner can normally be reached on Monday to Thursday, from 8:00 a.m. to 5:30 p.m..
